

Video from website online extension

Continue

Whenever you see a watch an amazing video on any website you always thought to save it but most probably the website will not allow you do it because it is the loss of there traffic and now you have to start searching from where you can download the video and even after that you will find a spammy website with full of ads just craving for your single click. It was happening with me also and that why we build savthevideo so that not just me but everyone can safely download videos from any popular website or app in a single click. Savthevideo supports a lot of websites including sites like Facebook, Twitter, TikTok, likee, Instagram, Kawai and a lot more. Online Video Downloader Savthevideo allows you to download videos and music from a huge variety of social media platforms and websites which is a game-changer for users because it allows them to come to a single page for all of there video downloading needs and problems. Just like google. Music Downloader Download music and audio from TikTok, TED, Soundcloud, Bandcamp, and Reddit. You can download music and audio from these platforms website or app. So, no matter what you use you will be able to download music and audio from the above-mentioned sites using Savthevideo. Also, If you need a chrome extension for downloading music and audio there is Tubemate I have mentioned it below install it and now you just have to click on the extension icon to download any audio. Twitter Video Downloader Yes, you can download videos from Twitter using our website but for not just that I am telling. I am also excluding it out as a feature because it has both a firefox and chrome extension using which you can just click on download and the video will download no more copy and paste technique required. INSTALL CHROME EXTENSION INSTALL FIREFOX EXTENSION Facebook Video Downloader Download any Facebook video from the Facebook app or website by just pasting the share link. Other than that if you use Facebook on chrome browser I have a Facebook video downloader chrome extension for you so that you can have to just click and download the video. INSTALL CHROME EXTENSION Instagram Photo & Video Downloader INSTALL CHROME EXTENSION Tiktok Video Downloader (Without Watermark) Using Savthevideo you can download with or without watermark Tiktok videos in a single click. With this also you have a Tiktok video downloader chrome extension so that you don't have to do any copy & paste. INSTALL CHROME EXTENSION Dailymotion Video Downloader Well, it is the responsibility of Savthevideo to allow its users to download videos from the world's second most popular video-sharing website. So, due to this reason, we allow downloading videos in multiple formats from Dailymotion. You can install the Tubemate chrome extension mentioned below if you want to download these videos using a chrome extension. Likee Video Downloader Tiktok biggest competitor is very popular so we allow saving videos from this website as well. You can download videos from likee app or website by just copying the share link and pasting it on the input bar. After that just click on download. Douyin (Chinese TikTok) Video Downloader Douyin is Tiktok of china so we allow video downloading from that website as well in just a few steps. Copy the share link and paste in the input bar. Now, just click on the download click and choose the appropriate format. OK (Odnoklassniki) Video Downloader Ok.ru is like the Facebook of Russia it has many great features but lacks the video downloading feature so for that purpose you can copy the share link of any ok.ru video and paste it on our website to download it. If you need a chrome extension for ok.ru we have for you a Tubemate video downloader chrome extension below. Steps to download any video from supported sites Go to any of the supported websites. Copy the share link. For doing that just click on the share button and copy the link. Paste the link in the Savthevideo input bar and click on the download icon. Now, just choose the format and the video will start downloading on any device. Is it legal to download videos from Savthevideo Yes, it is legal to download any video you want from Savthevideo until and unless you use it for some commercial purpose because in that case, you may cause a copyright strike on your downloaded content. Why everyone and you should use Savthevideo Well, there are many reasons but let's talk about big ones. No spammy ads and pop-ups like other websites. Faster downloading in comparison to other websites. 100% free tool to download videos. More than 100+ websites supported. No logins and signups. Free from privacy concerns! - we strictly have a policy of not collecting any information about you. Get the chrome extension to download

videos from any popular website Tubemate Video Downloader chrome extension is the best extension you can install on your browser when you have to never copy & paste the link and follow other steps. Just go to any of the supported sites and click on the extension icon for downloading the video. INSTALL CHROME EXTENSION Chrome Extensions Well. Savethevideo has other chrome extensions for specific needs as well so below this you are going to see them. Twitch Clip Downloader Download clips on twitch using this chrome extension in a single click. It doesn't alter website code or disturbs you. You can enjoy watching twitch and download the video as well. INSTALL CHROME EXTENSION Vimeo Video Downloader Well. everyone loves Vimeo amazing videos in full HD quality and even in 4k but downloading is a big work but not now more searching and following steps to download videos for hours. Just install Vimeo video downloader and your video will download in just a single click. Also, all formats are provided so don't care about HD or 4k all will be there. INSTALL CHROME EXTENSION How to bookmark Savethevideo Now, most of you may be thinking that what should I do if I don't use chrome how will I always visit this website in a single click. So, for those people, there is a feature provided by all browsers and that is the bookmark. I am going to list steps for every device below. Steps to bookmark on windows systems - Ctrl+D: To Bookmark SavetheVideo on internet explorer, chrome and firefox browsers. Steps to bookmark on mac - Command+D: To Bookmark SavetheVideo on safari, chrome and firefox browsers. Steps to bookmark on Android Phones - Tap on the 3 dots. Now, just tap on ★ and the bookmark will be saved. Steps to bookmark on iPhones - Open Safari and click on the input URL. Tap on 'add to home screen' and add it. Now, you are all set bookmark is added and you can visit the website fastly. Supported Platforms 29 sources are supported Page 2Skip to main content Video Hosting & Management Host and manage your videos in a premium, ad-free space. Arrange them in playlists or create a channel. Record video messages of your screen, your face, or both. Annotate while you record and a lot more! Track the behavior of your viewers and reach out to them with what they want to see. Integrate video into your product. Add video recording, editing, analytics, and much more with our sturdy video SDK. Our website has a range of features that make it the best way to download Facebook videos on all types of devices and with ease. The first and most important feature is that our website is 100% free and we do not have any charges on using the service. You can download countless Facebook videos with no limits. There are no annoying ads you need to watch before using our services. Our website is completely secure website without any risk of viruses or malware. All the tools are compatible with all types of Internet browsers such as Google Chrome, Opera, Firefox and more. You are not required to sign in, sign up, or verify the user's personality. There are no files to download before using the website for service. Browser extension to download videos from the Web When Video downloadHelper detects videos, the browser toolbar icon activates. Just click on it to see the available videos, just pick the desired one. The second most downloaded Firefox add-on since 2007 Current version is 7.6.0 The Chrome version was released in late June 2015 and is growing quickly Current version is 7.6.0.0 Convert media files online from one format into another.
